

VIRGIN MOBILE CHARGES

Virgin Mobile's charges are

- **Simple** – Your V Plan determines what you pay. There's one standard charge. You don't have to stay up all night to make calls or worry about 'cross-network' charges.
- **Drop-Down** - The daily drop-down rate is our way of saying 'cheers -thank you' for using your mobile. Once you've spoken for 5 minutes on any given day your call-charge will drop for the rest of the day.
- **Per-second** – We don't round you up to the nearest minute. Virgin Mobile offers TRUE per-second billing from the very first second – across ALL our V Plans.

As a Prepay Account holder you may join the V0 Plan and simply top-up or V Charge when your airtime is running low.

You may also join the V100 and V500 Plans and benefit from the same low rates as a Credit Account holder (Virgin Mobile has ended discrimination against Prepay Account holders and reinvented the Prepay option).

Remember if you choose the V100 Plan your minimum monthly payment via debit order will be R100. If you pick the V500 your minimum monthly payment will be R500.

Credit Account holders will also receive their monthly statement via post or email for free.

For a pleasant surprise turn overleaf for the low-down on our charges...
